Sri Raja Rajeswari Thunai.

With the blessings of Lord Sri Raja Rajeswari I brought out the following few lines for knowing the benefits of FTR.

My name is A. Somantharam residing in Chennai, my son S. Raahul met with a road accident during Feb. 2016 with multiple injuries <sup>including</sup> ~~with~~ Traumatic Brain Injury (TBI).

He is unconscious and was in Vegetative state for the first 2½ months and was hospitalised for 6 months totally and after that Doctors advised to take him to home and told that only he will be managed.

by ~~the~~ special care <sup>he</sup> ~~is~~ <sup>is</sup> not able to sit, stand and always in bed. He cannot see through his eyes because of brain injury. Urine, Motion is not under his control. He cannot stretch his legs and hand straight.

On seeing Vendar TV (Moonchavadu Kann) programme we came to know about Guruji and got appointment for

getting the blessings of Sri Lord  
Sri Raja Rajeswari Amma. During the  
2nd week of May 2017 we met Guraji in  
Bangalore along with my son Rahul.

On seeing the condition of my son  
Guraji prescribed FTR for the ~~patient~~  
parents (their own FTR) Since the patient cannot do  
FTR.

On doing the FTR for the last six  
Months as prescribed and monitored by Guraji  
we are able to see the following improvements  
(Soy Miracles) in my son's activities.

① He is able to recognise relatives  
and their relationships with names by  
recognising their voice.

② He is able to speak <sup>with</sup> and <sup>so</sup> clear voice  
addressed his necessities like food,  
water etc.

③ He is able to Nature's Call like  
Motion Ur Ur Ur Came Under his  
Control and is able to tell to attend  
to it

④ Right side leg and hand became almost straight and moving his leg and hand (right side).

⑤ With the help of others <sup>(and by holding others)</sup> he is able to stand straight and stand by using his right leg.

⑥ He is able to tell the movement of <sup>shades</sup> objects near his eyes and light darkness and ~~big~~ brightness.

I strongly believe that all the above progresses are because of FTR and the miracle of Lord's Raja Rajeswari Amma. No medicines are administered for the patient.

One should wonder that the complaints above  
got rectified (as claimed above) by Finger  
Top resolution) a method first of its kind in  
the world being able to solve without any  
medications that too FTR being done by  
the parents of the patient (their own FTR)  
The next question is how is that FTR done by  
two individuals (the parents) & effect on their  
Soul used to be really addressed in this world  
of modern advance technology and allopathy  
"No medicines only their own fingers"  
that too in every short span of six months.
